

NNN

NOVEM GOLD AG

Statement of gold stock in vault

Novem Gold AG obligates itself to report on the amount of stock hold in the vault stored by OZL Liechtenstein. A new report will be issued once gold is added or removed from the vault and therefore NNN tokens are minted or burned.

Reporting date: **2019-09-02**

Total amount of gold stock in vault: **21,000 gram**

(in gold bars of the following size: 0.1g, 0.5g, 1g, 5g, 10g, 20g, ounce, 50g, 100g, 250g, 500g)

Total amount of NNN tokens minted: **2,100,000 tokens**

1 gram of gold equals 100 NNN tokens. The NNN tokens are issued on the NEO blockchain and comply to the NEP-5 standard. The NNN contract hash: 0x1e892bd588ea4ab409b3a93d3049d6115c6727f3.

Additionally there are quarterly stock audits by our external auditor Grant Thornton that will be made available.
